"I have the opportunity here to do full-service in terms of obstetrics, residential care, emergency medicine, bits of surgery. The practice I have here is still wide open... We really felt that people valued us, and wanted us to be here and we were part of something much bigger than just ourselves or even our medical community."

100 Mile House at a Glance

100 Mile House is a place to come work and play: it offers mountain biking and hiking trails, legendary lakes, and horse-riding opportunities. [Click here](#) for more info.

It really is a four-season wonderland for the outdoor enthusiast. Many of our physicians and their families partake in cross country skiing, tennis, biking, and hiking. There are several resorts at 108 Mile Ranch that offer additional spa, pool, tennis, and fitness activities.

100 Mile House has a welcoming, supportive atmosphere and a level of collegiality that befits a small town of 14 physicians. We pride ourselves on mentorship and have been actively training, supervising, and supporting medical students, residents and new physicians for over 35 years from International and Canadian medical schools.
